

CLINICAL ASSISTANCE GUIDE

ASPIRE VOGUE CARBON FIBRE WALKER

Aspire Vogue Carbon Fibre Seat Walker

The Aspire Vogue Carbon Fibre Seat Walker is a four wheeled, lightweight walker with a cross folding frame, making it light and easy to use, store and transport. Its European ergonomic design offers personalised height adjustment that promotes correct posture and the small turning circle offers excellent manoeuvrability and stability in tight spaces.

Available in sizes - medium (black frame) and tall (red frame), the handles are height adjustable for a customised fit. It is equipped with a mesh seat, supportive backrest and weatherproof shopping bag allowing the user to rest or carry small items.

One of the lightest seat walkers on the market, the Aspire Vogue Carbon Fibre Seat Walker epitomises function and style with a super lightweight carbon fibre frame for a superior walking experience.

FEATURES

- **Super lightweight** - Carbon fibre frame to maximise portability
- **Luxury look and feel** – Danish design, profiled tubing, moulded fittings, ergonomic handles and refined colours.
- **Lightweight and ergonomic design** with small turning circle for excellent manoeuvrability in tight spaces.
- **AutoLocate** - Smooth height adjustment that automatically locates to pre-set heights, making adjustment simple and accurate.
- **Simple folding mechanism locks** - for easy transportation and storage
- **Advanced locking handbrakes** – for increased user safety when walking and sitting.
- **Unbreakable TPE super soft wheels** – offers high durability and a smooth ride for increased comfort.
- **Removable utility bag** – stylish and simple to remove for shopping. Can hold up to 5 kg.
- **Safe Working Load** – 150kg; shopping bag – 5 kg
- Now supplied with bonus cane holder

IDEAL USER CONDITIONS

The Aspire Carbon Fibre Seat Walker may assist those who require support with walking due to the following issues:

- Joint pain in the back, hips, knees or feet due to arthritis, osteoporosis or gout
- Back pain or spinal canal stenosis
- Reduced balance due to a neuromuscular condition such as:
 - Multiple Sclerosis
 - Parkinson's disease
 - Motor Neurone Disease
 - Stroke
- Fatigue or need for frequent rest breaks
- Chronic Obstructive Pulmonary Disease and breathlessness

CLIENT OUTCOMES

Increased confidence and independence both inside and outside of the home:

- The lightweight, Aspire Vogue 4-wheel walker with its tight turning circle and good manoeuvrability, can support users to access areas they need to within their home
- The large wheels and lightweight frame make it easier to manage different floor surfaces and to lift up and down a threshold step
- The enhanced stability and support provided to those with impaired mobility, can increase the user's confidence and feelings of safety to continue their daily activities

Enhanced community access and social connection:

- The lightweight and easy folding frame makes the Aspire Vogue Carbon Fibre Seat Walker easy to lift into and out of a car, supporting access to the community and continued social engagement
- The seat and back support enable rest breaks when out and about, to assist pacing and energy conservation and reduce pain and fatigue. This can increase confidence in going out as the user can be assured that they can rest when needed

MAINTENANCE

GENERAL:

- Clean the walker regularly with a damp cloth.
- Use a mild washing agent and warm water for excess dirt build up.
- DO NOT use harsh abrasives or bleach-based agents which may cause damage or discolouration.
- Dry with a soft cloth.

WHEELS:

- Clean wheels with a mild washing agent and warm water. Remove hair and other dirt from axles.
- Lubricate with multi-purpose oil periodically or if wheels begin to squeak.

FRAME:

- Ensure that every part of the walker is secure at ALL times.
- Check all screws for tightness. If not, tighten if necessary.
- Replace any broken, damaged or worn items immediately
